

# A ROBOT for every application

## Applications

- Pick and Place
- Material Handling
- Sorting and Palletizing
- Collaborative Robots
- Welding and Painting
- Payloads up to 1500 kg
- Reach up to 4,005 mm

- Total industrial automation solution
- Broad product portfolio
- Local representation

## Fully optimize the skills of your employees by allocating repetitive tasks to robotics

- Productivity enhancing solutions
- Operational ease of use
- Add a high level of skill and intelligence to your industrial automation
- Robotics technology can increase your production, lower your costs and improve quality
